## SUMMARY

A motivated Data Analyst. Enthusiastic about leveraging analytical skills to derive valuable insights, support strategic decision-making, and enhance business processes in a dynamic environment.

## EXPERIENCE

DATA ENTRY (HENA MARKTS)

Nov 2022 – Mar 2023

IE \ DATA ENTRY AND ANALYSIS SPECIALIST (ALEX APPARELS COMPANY )

Sep 2024 - NOW

- Collected and analyzed production line health status data from line supervisors using Microsoft Excel to identify losses and develop cost-effective solutions.
- Calculated daily and monthly production line efficiency, visualizing key insights to support data-driven decision-making for process improvement.
- Integrated Power BI with master data plans to analyze and visualize production targets, efficiency metrics, and target achievement results.
- Prepared and delivered weekly presentations summarizing data analysis, highlighting key metrics (e.g., workforce count, line defects) and their impact on production performance.
- Utilized Minitab and SPSS for production forecasting, providing predictive insights into potential increases, decreases, or stability in factory output.

## EDUCATION

Faculty of Business

Alexandria university | Department of statistics , mathematics & insurance

Jun 2024

GPA 2.43

“GOOD”

## COURSES

- Data analysis
- Econometrics
- Time series
- Statistical methods

## SKILLS

- 1) DATA INTEGRITY
- 2) ATTENTION TO DETAIL
- 3) ANALYTICAL SKILLS
- 4) PROBLEM SOLVING
- 5) TASK EXECUTION
- 6) DATA ENTRY
- 7) CRITICAL THINKING
- 8) TIME MANAGEMENT
- 9) MS OFFICE
- 10) PROGRAMMING (PYTHON)
- 11) POWER BI

## LANGUAGES

- ARABIC (NATIVE)
- ENGLISH (B2)
